Work Experience

GovTech Singapore, UI/UX Designer Intern

Jan 2025 – May 2025

- Proposed, scoped, and developed a custom Figma plugin to streamline UX workflows and automate documentation for client-facing files, reducing review time from 60 to 7 minutes across 27+ Figma pages. Delivered scalable CSV export features, enabling reuse across multiple project teams
- Designed and documented revised interaction flows, securing stakeholder alignment for implementation and ensuring smooth transition to engineering teams

GovTech Singapore, UI/UX Designer Intern

Jan 2024 – Jul 2024

- Led usability testing for a new internal web portal, managing planning, execution, and analysis. Consolidated findings into actionable recommendations that influenced design decisions and product development priorities
- Scoped and prototyped new portal features in Figma, balancing user needs with business requirements to support rollout readiness
- Facilitated collaboration across designers and stakeholders by presenting usability insights, enabling alignment on key product directions
- Delivered iterative icon redesigns in response to stakeholder feedback, ensuring business partner requirements were met on time

Future Electronics, Inside Sales Coordinator Intern

Sep 2018 – Feb 2019

- Supported account coordination by managing client documentation, quotations, and timely communication with suppliers
- Streamlined order tracking processes, improving accuracy of sales pipeline reporting

Projects

Carousell Redesign - UI/UX Case Study (Personal Project)

Sep 2023 – Sep 2023

- Conducted a fictional case study on Carousell's mobile app for a personal project

Weather Web Application

May 2023 – May 2023

- Designed and developed a weather web application using a public API

Activities

ComLink Befrienders

Feb 2023 – Nov 2023

- Conducted needs assessments with families and children, identifying areas for agency support and recommending pathways for assistance
- Built trust with stakeholders through empathetic communication and consistent follow-up

NUS Bowling Varsity Team, Vice-Captain

Jul 2022 – Jul 2023

- Coordinated team training schedules, logistics, and competition planning to ensure smooth operations for 20+ athletes
- Acted as liaison between coach and team, facilitating communication and resolving conflicts efficiently
